## **Dust Tex Net®**

### **TECHNICAL DATA:**

|                          |   |
|--------------------------|---|
| Mass Area UNI 9401       | gr. 140/sqm +/- 5%                                  |
| Width UNI 9404           | mt. 1-2-3-4-any                                     |
| Length UNI 9404          | mt. 100-any   |
| Resistance UNI 9405/89   | Warp dcN 101,0Kgf 102,80                            |
| Resistance UNI9405/89    | Plot dcN 119,2Kgf 121,30                            |
| Shading UNI 10335        | 26% White color                                     |
| Wind Power Braker        | 36,4%   |
| Colors Available         | White, Green, Blue, Orange, Yellow, ...             |
| Lights Resistance        | kyl 800 (col. BLACK) UNI ISO 4892/85                |
| Flammability             | CLASS 2 according to CSE/RF 1/75/4 and CSE/RF2/75/A |
| Flammability when rolled | CLASS 4 according to CSE/RF 1/75/4 and CSE/RF2/75/A |
| Flash                    | DIN 4102 Part. 1                                    |

### **ART. 18**

Shading net woven  
HDPE monofilaments using the system  
Raschel-UV-stabilized for  
resist agents for many years  
weather and sunlight
